SuperSoft - PU Workplace Mats

Ergonomic - Anti-fatigue - Safety

Standing workpositions

Bubble

Highest standing comfort.

The bubble designed surface stimulates the blood-circulation and makes standing "dynamic".

Especially for standing work like assembly and workbench areas.

Twist-turns and walking workpositions

Disc

High comfort with $\varnothing 16$ mm disc designed surface.

Freedom of movement when rotating.

Optimum for work with turning and walking movements like eg. pick and pack. Easy to clean.

Walking movements

Walk

High comfort with $\varnothing 8$ mm disc anti-slip surface.

Optimum for workplaces with walking movements like eg. production lines and walkways.

Easy access for material vehicles.

All our SuperSoft PU workplace mats are extremely elastic and soft and have a positive anti-fatigue effect on employees with standing, turning and walking work positions. Ergonomic benefits mean increased productivity. Especially designed for dry areas like eg. assembly, distribution and workbench areas in automotive, electronic, metal working industries.

Features:

Super elastic and durable PU foam.
Molded beveled edges on all sides.
Highest standing comfort.
Anti-slip, durable and strong.
Retains permanent shape.
